## Highway Contract Is Awarded

### Eliza Shepard to Arrange for Legion Auxiliary Convention

### Bridegroom Is Fined Twenty Dollars By Marrying Judge

#### WILL MANAGE THE ENTERTAINMENT OF VISITING DELEGATES

Glen Ellen Lady Is Appointed by the National President of American Legion Auxiliary.

Mrs. Eliza Shepard of Glen Ellen has received word of her appointment as chairman of the Committee of Arrangements for the National Auxiliary Convention of the American Legion to be held in San Francisco in October. The Glen Ellen lady, who heads the American Legion women of California, was appointed to arrange for the big gathering by the national president of the American Legion Auxiliary, Mrs. Kate Waller Barrett.

Mrs. Shepard has already established headquarters at the St. Francis Hotel and secured Native Sons Hall in San Francisco for the meetings to be held by American Legion women from all parts of the United States during the convention. A dinner at which each state will seat its delegates is also being arranged for by Mrs. Shepard. There will be over 3000 people at this national banquet of ex-service men and their ladies.

Mrs. Shepard, who is a sister of the late Jack London, has organized many auxiliaries of Legion women since she was elected state president. She had a son, Irving Shepard, in the Navy during the World War. He now manages the Jack London ranch.

#### Club Women Had A Successful Dance

The second dance given Saturday, Aug. 11th, by the Glen Ellen Women's Improvement Club for the benefit of the Memorial Library was a social and financial success. The ladies cleared over \$50. The sale of a hand-some linen bureau scarf made and donated by Mrs. William Pink added to the proceeds. The scarf with its dainty handmade edge of tatting was greatly admired, and its winner, Joseph Cres, physical instructor at the State Home, generously donated it again to the Club, to be resold.

The ladies are most appreciative to all who contributed to the success of the benefit.

The weekly card parties are in progress every Thursday night. Scores are piling up for the grand prize to be awarded at the end of the series. All card players who wish to enter still may do so.

The next card party will be held on Thursday night, August 23rd.

#### Robley Harbort In Shriners' Hospital

Robley Harbort, grandson of Mrs. K. Buchan, is to undergo an operation at the magnificent Shriners' hospital, which is for the use of Masons and their families. Robley will have another operation on the limb which trouble him. Surgeons declare he will be less crippled. Prior operations helped him greatly.

The boy is a bright student and a talented pianist. His uncle, Ralph Buchan, of the Navy, is a prominent Shriner and recommended him to the hospital.

#### Fire Dept. Benefit On August 22

"Hearts Aflame" With Great Fire Scene a Feature; Dancing to Art Hickman's Orchestra.

Sonoma Valley will have an opportunity to do its bit August 22nd, for one of the splendid volunteer fire departments with which this locality is blessed, for on the night of that date there will be a benefit at the Boyes Springs Theatre for the Valley Angel and the Little Red Devil. The Boyes Springs and Valley Fire Department are not yet out of debt and the upkeep and wear and tear on the engines must be provided for. The Boyes Springs and Valley Volunteer Fire Department goes anywhere in Sonoma Valley, day or night, and only two weeks ago had been out fighting a fire on the Lowell ranch near the Napa county line, when summoned to the disastrous fire at the Crane Sanitarium. Although when the siren sounded, the engine was in a garage following a tire blow-out and engine trouble, the Valley Angel speeded to the fire and with its able crew re-inforced Chief Valente of the Sonoma Department who, with his men were putting up a heroic fight on the roof of the doomed structure.

The boys of both departments were drenched to the skin, hands, hair and eyebrows singed, ruined their clothes and fought the fire at close range both from within and without.

Remember, folks, these boys are all volunteers. They do not have to do this splendid, dangerous work. It is because they are willing to render a great public service in the hour of need that we owe them our lasting gratitude and should show our appreciation whenever possible.

On the night of Wednesday, Aug. 22nd, Chief Cause is giving his annual benefit entertainment. Attend and show by a big attendance that Sonoma Valley appreciates its fire fighters. "Hearts Aflame," a moving picture with thrilling forest fire scenes, and dancing to Art Hickman's real metropolitan orchestra will make the program one hard to equal. Get behind the fire laddies. If you cannot attend their benefit, buy some tickets or send a check.

#### State Highway Commissioner Here

Harvey Toy, of the State Highway Commission, was a visitor here Saturday. Mr. Toy stated that despite rumored petitions of protest, the Schellville-Beltaine highway work will proceed as planned. The 20 foot road is to be graded and foundation materials put in this year, surfacing to come when the road is well settled and more state money is available. Those who have seen the specifications for this piece of work say the highway will be one of the finest and most substantial in the state, a monument to Harvey Toy and his colleagues on the Commission.

Miss Amy Heggie, the pleasant and efficient assistant cashier at the Mercantile Trust Company's Sonoma branch, has been spending a needed vacation at the Russian River.

#### State Highway Commission Lets Bid To W. A. Ellis For \$238,888

The good news reached here on Thursday that the State Highway Commission had awarded the contract to build the state highway between Schellville and Beltaine where it will join the unit already building between there and Santa Rosa. The award for the construction of the Schellville road went to W. A. Ellis whose bid of \$238,888 was the lowest of three submitted. The estimate for the 11½ miles of road between Schellville and Beltaine was about \$200,000. Bids submitted were as follows:

W. A. Ellis, \$238,888.  
Kane Construction Co., \$239,975.  
Enblehardt Construction Company, \$252,680.

The specifications for this road are high class in every respect and should give Sonoma Valley a piece of state highway second to none in California. Work will begin very shortly and will be put through as rapidly as is consistent with a first class job.

#### General Vallejo Day Is Observed at Club

The Sonoma Valley Woman's Club observed its annual General Vallejo Day yesterday. The program was less elaborate this year on account of the recent historical pageant in which the Vallejo family figured so prominently.

Mrs. Claude Johnson provided an entertaining program consisting of a sketch of General Vallejo's life, and music by Miss Zolita Bates, song by Paloma Morton, great granddaughter of General Vallejo and piano selections by Miss Constance Power of San Francisco, pupil of the Arrigillia College. Mrs. Emparan sang.

Mrs. A. M. Thomson, granddaughter of the distinguished Californian whom the Club honored, was hostess of the afternoon.

#### Sonoma Park Band In Parade Today

The Sonoma Park Band, of which Professor P. C. Meinhardt is leader, will participate in the Egg Day parade at Petaluma today and will also be a feature tomorrow (Sunday). The boys will go over in their uniforms and will be proudly reviewed by many of their townsmen.

The Sonoma Park Band has only recently been organized, but is a talented aggregation and comprises some of the leading musicians of the Valley of the Moon.

#### Golton and Party Had A Fine Trip

Professor L. H. Golton and family have returned from a 787 mile auto trip which took them into Nevada and over the Tioga Pass to Yosemite Valley. They were accompanied by Mrs. Golton's two sisters and their husbands, Mr. and Mrs. R. J. Custer of Lodi and Mr. and Mrs. R. H. McIntyre of Petaluma.

#### Fifty-seven Cars Of Apples Shipped

The Gravenstein apple season has almost ended, the big packing house of the Apple Growers' Association having now only a few hands at work. To date, 57 carloads of Sonoma apples have been shipped East from Vineburg. These apples were shipped in refrigerator cars, of which plenty were made available by the railroad company.

#### Art Hickman Arrives At Boyes Springs

Art Hickman, whose orchestra has been playing at Boyes Springs, but who was delayed himself in arriving here on account of severe burns, is now leading his famous musicians at the theatre nightly.

Mr. Hickman's presence puts added pep in the music and his magnetic leadership makes dancing at Boyes a dream these summer nights.

All the latest dance music is featured in the inimitable manner of these artists of syncopation. There is only one Hickman. Art is his name.

#### Memorial Erected For Late Mother

Mrs. Celeste G. Murphy has had a beautiful and classic memorial erected in Mountain cemetery for her late mother, Mrs. Kate Granice, who died in 1904. The memorial is a sun dial on a granite pedestal and is the work of E. Brown of Napa, designer of the decorative work on the Spreckels music stand at Golden Gate Park, San Francisco.

The late Mrs. Granice was a charter member of the Sonoma Valley Woman's Club and from 1884 to 1904 assisted in the publication of the Sonoma Index-Tribune.

#### L. M. Bish and Son Here From Berkeley

L. M. Bish and son Meryl motored up from their Berkeley home this week to visit friends and relatives. Meryl remained for several days with his sister, Mrs. Marie Johnson of Glen Ellen.

The Bish family have a students' boarding house near the campus in Berkeley and have a select coterie of teachers and college boys in their household.

#### Sonoma Represented At Postal Gathering

Postmaster Meta Stofen and Rural Carrier Dow attended the California Rural Letter Carriers' Association meeting in Santa Rosa Monday. It is hoped to affiliate Sonoma county carriers with the organization. Miss Stofen endorsed the idea and expressed pleasure at being present at the gathering.

#### Bond Election To Be Called In September

Trustees to Submit Proposition to Voters for Enlarging the Sonoma Grammar School.

The trustees of the Sonoma Grammar School have decided to call a bond election next month to authorize the expenditure of \$25,000 on improvements and additions to the present building. The money is sought to build new class rooms, to enlarge the auditorium and build a gallery therein. The primary classes now housed in the basement, would be moved to two of the new class rooms while the two additional rooms would provide for future increased attendance. A new heating plant and ventilating system will also be installed.

A two-thirds vote as in all bond matters will be needed to carry the election. The bonds will be 5 per cent bonds, the Valley National Bank having offered to take them at that figure in order to foster the needed school improvements.

#### Mrs. Nicholas Wirtz Is Called By Death

The sad news reached here Wednesday of the death of Mrs. Nicholas Wirtz, wife of the well known orchardist of Broadway, who had been in the University of California hospital for the past 10 days for a consultation of doctors. Mrs. Wirtz had been a sufferer for some time past and her death was due to a complication of maladies.

Mrs. Wirtz was a good wife and a devoted mother and will be greatly missed by husband, children and friends. She reared a family of talented sons and daughters, Nicholas, Jr., and Roy Wirtz and Misses Emma and Adeline Wirtz of Sonoma.

The funeral will be held today in San Francisco with high mass solemnized at St. Anthony's church.

#### Jennings Tent Show Pleases Public Here

The Jennings Tent Show, with its splendid and varied repertoire, has been drawing big Sonoma audiences nightly.

#### Grape Growers To Meet Again Monday

To facilitate car shipments of the 1923 grape crop, all growers will meet in Santa Rosa the coming Monday at 10:30 a. m.

#### El Verano Resorts Are Again Raided

Federal prohibition agents visited El Verano this week, raiding the resorts of Messrs. Rossi, Parente and Pal Vannucchi.

Edward White of Kenwood broke both bones in his arm this week. Dr. Boelsen X-rayed and set the injured member.

#### FRED SWAHLER FINDS SWALLOW AT WEDDING A COSTLY PROPOSITION

Boyes Springs Man Puts On Wine Party In Court Room to Celebrate Joyful Occasion.

Fred Swahler of Boyes Springs thought he could smile on his wedding day, but "the smile" cost him \$20.00.

Swahler got married last Saturday by Judge Small, and after the ceremony asked the court and his friends to have a little smile on him. He produced a bottle of wine and "the cup that cheers" went round, when in walked Deputy Sheriff Ryan and arrested the groom for possession of liquor in a public place: to wit, the court room. The Judge collected \$20 for the drinks. The groom said he had a "fine" time. Here is how it all happened:

Judge Small was in the midst of a burglary proceedings, the complaining witness being J. H. Murray, the defendant Thomas McGrath. To clear up McGrath's alibi, Deputy Ryan and Constable John Mohr went to Verano to bring in Charles Baun to testify for the defense. In their absence, a happy couple appeared at the judicial chambers and asked Judge Small to tie a matrimonial knot.

Not wishing to disappoint them, his Honor spliced the knot and said he hoped the tide of matrimony would roll in oceans of happiness for the newlyweds. Swahler, the groom, declared the sea of matrimony might sound wet, but that he had something better yet. He thereupon produced a bottle of wine and in true old fashioned style admonished all present to drink to the lovely bride.

There were smacks galore, some from the direction of the blushing bride and more from the cup that cheers. It was a real wine party. Judge Small was just beginning to feel that the bench and bar were one; Jack Murray that there were other states besides real estate; McGrath that it paid to be arrested; and the bride and groom that the Judge was "a regular fellow" when suddenly the thermometer dropped! Enter the villain, Deputy Sheriff Ryan, accompanied by Constable John Mohr!

"Nix on the flagon," said the Sheriff of (K)nottingham, "just because you had a knot tied you can't pull that stuff here." And with that he "pulled" the groom; arrested Swahler for possessing the liquor.

"Have a heart," the bride cried. "Ain't got none," said the Sheriff, with "dry" humor.

"The trials of matrimony begin quick," said the best man.

"Twenty dollars," said Judge Small, and the groom, feeling fine, paid the fine.

"Cheap at the price," declared bystanders.

"Darn cheap," chirped Main Street. At the end of the perfect day the happy couple left on their honeymoon. The alleged burglar was turned loose and the Judge went home, singing "When the Swallows Homeward Fly."

The K. Steiman family had a visit Sunday from Vallejo friends.

Mrs. Wardell has been on a second ding at Long Beach. When in Sonoma trip south, to attend to the final details. Mrs. Wardell resides at the home tails of the new bungalow she is building of Miss Florence Murphy.

## EL VERANO NEWS

By ARCHIBALD McKIVER

Mr. and Mrs. John Andrews have been visiting at the residence of Mr. and Mrs. Fred Venton in Oakland. Mrs. Venton is a daughter of the Andrews. They returned home on Sunday evening.

Louis Lamotte, proprietor of the El Verano Villa, is much improved from a dangerous attack of blood poisoning in the right arm. The poisoning was the result of being bitten by a bug.

Miss R. Davis of San Francisco is spending several weeks at her pretty summer cottage in western El Verano. Mrs. W. McAuley of Hornsbrook, formerly a resident of El Verano, was visiting here and looking after property interests recently.

Frank Benjamin, former resident of El Verano, was in town Monday from Los Angeles. He has been on a motor trip through California and stopped over to say hello to the El Verano natives. Frank is a dock employee in the southern city.

The ninth annual picnic for the sick fund, benefit, given at Schuhmann's Garden, Buena Vista, Sunday, is the big event. With dancing, music and games, this outing promises to excel all others. The Redmen are making arrangements to handle the large crowd, and an invitation is extended to all to come and participate in the good time which will be had.

Mr. and Mrs. R. Fritz have given up their El Verano residence and will make their home at Eldridge.

Congressman Clarence F. Lea passed through El Verano enroute to Santa Rosa from Sacramento, a few days ago. Our Congressman is looking better than ever and gave his old El Verano friends and staunch supporters a highball as the Santa Rosa flyer passed through our city. To say they were all glad to see him is needless. Mr. Lea was returning from the capital city where he had delivered a memorial address.

Mrs. C. M. Jacobs, after spending several weeks in Mendocino county, has returned to her Sonoma Valley home.

George Meek, old time Sonoma Vista resident, was taken to San Francisco last Saturday where he will undergo an operation. Mr. Meek has been ailing for some time.

E. Carrillo, near relative of the famous late General Vallejo, has returned from Santa Rosa and taken up his Sonoma Vista residence.

Herbert Ammann is the latest hunter to land the largest deer yet reported. Ammann was in hiding near a watering place at which the deer was in the habit of drinking and was within a few feet of the deer when he shot the animal. It is claimed the deer nearly walked on the daring hunter, who is considered quite lucky to get a shot at such close range.

Arthur Baines and Roy Chance, navy yard employees, are enjoying a motor camping trip to Los Angeles.

Charles Daniels was a visitor last week in San Jose, transacting business in that city.

A fire started by Remo Matthews under instructions from Foreman Barney O'Neil, threatened the dwelling on the Lombard ranch late Monday afternoon. Both O'Neil and Matthews claim they were ignorant of the law, but were nevertheless placed under arrest. The Boyes Springs fire department answered the call and once more El Verano natives, in wild excitement, rushed to the ranch, only to find a small bonfire and a roustabout fanning the flames to keep them alive. At about the same time this was happening, prohi raiders from San Francisco hit the burg and altogether, Monday, Aug. 13th, was an exciting day for El Verano, but a very unlucky one for some of our hard drink emporium owners.

G. Verbeck, Sonoma tailor, went to San Francisco Sunday, returning with his wife, who has been in the French Hospital in that city. Mrs. Verbeck is greatly improved in health.

Mrs. J. P. Court of San Francisco was a Sunday visitor at her Sonoma Vista home and was also bidding fare-

well to her friends, as she left for England Thursday to visit her mother, and to attend to business matters. She will be gone three months and will also visit in Australia before returning to this country. Mrs. Court's brother recently died in England.

Mrs. A. Feeney and daughter, after a pleasant vacation at the French cottage, have returned to their San Francisco home.

Pete Andrews, famous retired jockey, was at Petaluma Sunday, having taken Lady Stillwell to the Egg City to put in the last week of training. Andrews, now a resident of Boyes Springs, has been grooming the pacer for the races on Sunday.

The store of Charles Daniels is receiving a new coat of paint. Contractor Bosserman of Sonoma Vista is doing the job.

E. J. Franquelin left for Dunsmuir Sunday morning returning here to spend the week end. He will attend the races at Petaluma Sunday.

George Goldberg, well known soft drink manipulator at Agau Caliente, has received word that his patent device for the safety of automobiles when parked, has proven a success. Mr. Goldberg will leave shortly for New York City and there is no doubt that this new invention, which is said to be worth considerable money, will soon be put on the market.

Charles Molled died at Kenwood last Saturday and the remains were sent to Lodi Monday morning for interment.

Mr. and Mrs. Claude Lombard motored up from San Francisco Sunday and visited at the famous Lombard pigeon farm.

Bill Taylor, former sheriff of Marin county, has returned to the Lombard pigeon farm and has taken full charge of the prize birds. Bill is an expert trainer and pigeon fancier.

The Seals base ball club will again train at Boyes Springs. Secretary Putnam has announced that the deal has been closed with Rudy Lichtenberg for the use of the famous springs for a training camp. It is the intention of the Boyes Springs owners to be soon the construction of an entirely new ball park, with modern drainage system, grass infield and wooden stands large enough to accommodate 700 people, where the Seals will play exhibition games during their stay at the training camp in 1923. The new ball grounds will be at the golf links adjoining the former Spindler ranch and when completed will be the best diamond for base ball in the state. It is also reported the New York Giants may train here.

Charles Spindler of San Francisco was in town Saturday looking over property interests and meeting old time friends.

Joe Daniels, El Verano race enthusiast, was an interested spectator at the Petaluma races Sunday.

Mrs. A. Swenson is spending the week at Salinas with friends.

Mr. and Mrs. Thomas Ryan and son were motor visitors to Petaluma Sunday.

The sad news was received here of the death of W. Wohlson, who with his wife resided in Sonoma Vista. Mr. Wohlson was a patient at Crane's Sanitarium and following the fire which destroyed the Sonoma Valley hospital, was removed to St. Luke's hospital in San Francisco, where he died last Saturday morning. He leaves to mourn his death, in addition to his widow, one married daughter in San Francisco. The funeral was held in that city Monday and interment was in Mt. Olivet Cemetery. The many Sonoma Valley friends of this good man mourn his departure. He had been ill but a short time and his death

was very unexpected. He was 63 years of age and a native of Germany.

Charles Daniels of San Francisco visited relatives here over the week end. Mrs. Louise Turner has returned to her Sonoma Vista home after a three months' visit at the beautiful Yosemite Valley.

The T. H. Baines garage at El Verano has been leased to George Baines

**"SINGED WINGS" AT  
THE DON THEATRE**

An eight reel picture, Singed Wings, will be the fine offering at the Don Theatre Sunday night, with Bebe Daniels in the stellar role. This moving picture triumph is acknowledged to be a great drama.

**IMPROVEMENT CLUB MET**

The Sonoma Valley Improvement Club of Fetters Springs held its weekly whist party on Wednesday night of last week, with its usual success. Mr. Hearsh of San Francisco, proprietor of the States Restaurant, donated to the Club two imported European cut glass vases, which were won by Mrs. Saxl as the first prize. Second prize, a box of assorted mountain fruit, donated by Mrs. Saxl, was won by Mrs. Jones. The third prize, a lady's sewing basket, was won by a gentleman from Spitzfaden Resort.

Mr. Kreckler president of the Club, and F. C. Campbell, vice president, were floor managers for the evening, which was thoroughly pleasant and enjoyed by all present. Mrs. Zwick served ice cream and cookies, which she had donated for the evening's refreshments.

Mrs. Poulsen of Sonoma represented the Bear Flag City.

**RELEASED ON HIS  
OWN RECOGNIZANCE**

Thomas H. McGrath, an employee of the City of Emeryville and who was held by Sheriff Keating of Marin county on complaint of J. H. Murray that he was implicated in breaking in to the Jack Main property at Verano has been released on his own recognizance. McGrath established a satisfactory alibi when brought into Judge Small's court here Saturday. He admitted to being on Main's premises, but proved he was there seeking Charles Baun, a former tenant of the roadhouse.

**CARD OF THANKS**

We desire to thank our friends for their words of sympathy and condolence in our bereavement in the death of our son and father, the late William E. Goethe.

MRS. MARIE GOETHE.

**GOVERNMENT SAVINGS  
FOR SMALL INVESTORS**

The Treasury Department has just announced that the net cash sales of United States Treasury Savings Certificates during the fiscal year ending June 30, 1923, aggregated \$195,019,734 of which amount this Federal Reserve District sold \$16,396,327.

"These very substantial figures meet our expectations," said John U. Calkins, governor of the Federal Reserve Bank of San Francisco, who is, chairman of the government savings organization for this district. "If sales are maintained at this rate year after year it would mean carrying approximately \$1,000,000,000 of the public debt in the form of treasury savings certificates which, in the opinion of Treasury officials, would be a real contribution to government financing."

"Treasury savings certificates have attracted large numbers of small investors by reason of their absolute safety with profitable return. These

little securities will continue to be offered to the public with a view of helping banks and other legitimate financial institutions to safeguard the funds of their clients, particularly those of moderate means who are not familiar with investments and therefore become victims of unscrupulous stock promoters and other highly speculative propositions."

The certificates can be obtained at all money order post offices, from all Federal Reserve banks or their branches, and through most other banks and reputable bond houses.

"How Other People Get Ahead" is the title of a booklet recently issued by the Savings Division of the Treasury Department to aid in this effort. It gives the essentials of good investment and tells how to avoid dangerous financial ventures. This booklet can be obtained free by application to the Government Savings Organization in the Federal Reserve Bank of San Francisco. It will be promptly sent upon request.

**WOMEN HANDLED THE  
DOUGH AT SEBASTOPOL**

If anyone should ask you why the Apple Show at Sebastopol was such a success, you can tell them that it was partly due to the fact that the women of Anady handled the dough. Of course, they had a crust to do so, but here is how it happened:

The hospitality committee decided to dispense apple pie during the celebration and made preparations to have hundreds of pies baked. A professional pie baker from San Francisco was engaged to make the pies and arrived in time to start the job. He turned out a lot of delicious apple pies and the committee was well satisfied when suddenly the chef came in contact with a bottle of moonshine and as a result, went to sleep on the job. In the midst of the biggest crowd lined up for the promised pies, the baker fell down on his contract and proceeded to celebrate.

Then it was that the social leaders of the town rolled up their sleeves, took home small mountains of pie crust which the baker had already mixed and made delicious apple pies "just like mother used to make." Some of the ladies worked as late as 11 o'clock the night of the American Legion ball, turning out pies for the dance they had planned to attend.

**HOOVER STARTS TRANS-  
PORTATION INVESTIGATION**

A comprehensive investigation of all factors bearing on adequate transportation of agricultural products by rail and boat has been started by the Department of Commerce under the personal supervision of Herbert C. Hoover. The personnel of the staff which will tackle the problem is almost complete and the work has already begun.

This investigation is being undertaken as a result of a request from a special transportation committee appointed by President George E. Farland of the Agricultural Legislative Committee at the suggestion of R. P. Merritt, managing director of the Sun Maid Raisin Growers.

At a recent meeting with Secretary Hoover in San Francisco, the policies of the investigation were outlined and it was decided it should embrace the entire Pacific Coast. Following the meeting Merritt, who is chairman of the committee, said: "The farmers again face serious transportation difficulties similar to those suffered in recent year, and the future is uncertain. It is important that the farmers, the business men, the carriers, and in fact everyone should know as nearly as possible just what is the future prospect of getting agricultural products to market promptly, and this is what we hope to accomplish by the investigation which is now under way."

**SEAWELLS WILL NOW  
LIVE IN BERKELEY**

Associate Justice of the Eupreme Court Emmet Seawell and his family have removed from Santa Rosa, completing the moving process Monday with the shipping of a large amount of furniture to a home on Claremont avenue, Berkeley, that they have leased. Their home here has been rented.

The move was made, Judge Seawell explained, because of his two children attending college and his duties holding him closely to San Francisco.

Prior to leaving here, Judge Seawell commented upon the difficulty of changing his residence, but assured friends he expects to come back frequently for visits. He will keep his legal residence here, registering as a voter from Santa Rosa.—Santa Rosa Republican.

**BUCK SHOT BY HUNTERS  
HAS FREAK SET OF HORNS**

Forked horn or four pointer? That is a question which two Napa hunters have been trying to settle since bagging a large buck this week with a freakish set of horns. The animal's horns have four points on one side and a forked horn on the other side.

Dressed, this prize member of the antlered family weighed 140 pounds. It was brought in by George Raney and John Gomez.—Napa Register.

The Supervisors in turn explained the needs of the county, the funds available and how they were handicapped in maintaining the county roads.

## Auditor's Report On Sonoma Mission Centennial Celebration

The auditor's report of the Mission Centennial gives a detailed account of receipts and expenditures for Sonoma's five day celebration, particularly of the Mission Play, for which \$5000 was originally budgeted.

Publicity expenses, \$1906.23, included the work of J. O'Connor of San Francisco, professional publicity man who handled this department. Less than a quarter of the amount was spent for printing in Sonoma. The programs, not included in the publicity item, cost \$633.73 and were printed in Santa Rosa. These programs, with the ads, netted the celebration about \$400.

The general construction expense and music ran much higher than the original estimate.

### LAKEVILLE BOY IS DROWNED IN YOSEMITE

Sperry Bodwell of Lakeville, only child of Mr. and Mrs. C. A. Bodwell, aged 16 years, was drowned in Yosemite Lake, Yosemite Park, Wednesday, and the news was a terrible shock to both friends and relatives. He was with his mother at the Yosemite when the accident occurred.

Sperry had asked his mother for permission to go fishing in Yosemite Lake and it was granted and when he did not return at noon, the mother went to the lake to seek him, and asked people nearby if they had seen a boy fishing. They replied that a boy who had been fishing their earlier in the day had been drowned.

Fearing the worst, the frantic mother rushed to the Emergency Hospital and there identified the body as that of her only son. He had slipped from a steep bank into 10 feet of water and had been drowned before help could reach him.

The boy was born and reared on the Bodwell ranch at Lakeville and was a grandson of the founder of the famous Sperry flour mills. He was named after his mother's family.

### RYAN'S HORSE SCORED IN LAST SUNDAY'S RACES

Petaluma had some preliminary races last Sunday, Joe Ryan's race horse taking second money in the first race. Racing has been a feature at the County Fair and Egg Day celebration since opening day and there is a good card today.

The Argus of Monday said of last Sunday's races:

A large throng of people including many visitors from San Francisco and other cities attended the matinee race meeting under the auspices of the San Francisco Driving Club on Sunday afternoon at Kenilworth Park and saw unusually fine races which caused much pleasure and enthusiasm. Three heats were necessary for the free-for-all mixed race and San Felipe, the winner, distinguished himself in the final heat, which was one of the finest ever seen on this track.

Off to a very poor start and several lengths behind the field, Barry, brot his steed up gradually and at the three quarter pole passed the others and won handily amid the plaudits of the crowd. All of the racers are excellent and following is the summary:

### TODAY IS EGG DAY AT PETALUMA

The Petaluma hay hat has been hauled out and bonnets of various hues are replacing the present day styles for the four days' festivity following the opening of the Sonoma County Fair and Egg Day celebration. Yellow and white, the official colors for the occasion, predominate in the decorations while the entire city has donned its holiday garb and is now welcoming visitors from all parts of California.

Kenilworth Park, the site of the famous old race track, is attractively draped in a blaze of flags and bunting. There is some degree of permanency indicated in the arrangement of the exhibits this year in the completion of the first unit of buildings erected for this purpose. The livestock and poultry shows are more conveniently located than heretofore, the latter feature being without doubt the most extensive utility poultry show ever assembled at a county fair.

Queen Leta of Sacramento, was selected from a list of over 20 aspiring candidates to rule the festival, by a committee of San Francisco newspaper artists. The distinction of having won this coveted honor has prompted the Sacramento Chamber of Commerce to send a representative to Petaluma on Egg Day for the big parade. During Queen Leta's stay here she will have a detail from the local post of the American Legion as an escort.

In addition to the industrial and agricultural exhibits, each day's program will include horse racing and some of the foremost circus events at the fair grounds. The evenings will feature with fireworks, dancing, and the presentation of Princess Petaluma, an egg world egg-stravaganza, and Chicken Frolics of 1923 Saturday and Sunday nights. The cast for the musical includes over 200 participants in original costumes and with special music written by Clara B. Ivancovich. The play is a story of Petaluma and an interpretation of its soil and climate as being the most advantageous locality for the poultry industry.

From present indications the parade on Egg Day, Saturday, Aug. 19th, will be an excellent picture of Sonoma county activities including attractive floats from the neighboring cities and the various civic organizations and clubs. Unusual designs indicative of the city's part in California's progress have been constructed. Attend today or tomorrow.

### WANT TO PACK A GUN? IF SO, SEE ALBERTSON

Day by day now Sheriff John M. Boyes is receiving inquiries concerning the new revolver and fire arms law that becomes effective August 19. Under the terms of the law any person after that date named who carries a revolver or pistol or other concealed weapon must have a permit to do so from Sheriff Boyes, if they reside outside of cities and towns in Sonoma county.

They must file an application setting forth their name, residence, occupation, for what purpose they desire to carry the concealed firearms, the manufacturer's name and the number and make of the weapon. The law also requires that the applicant make a legitimate showing and must be known to the sheriff to be a responsible person before such permit shall be granted.

In the cities and town throughout the county permits will be issued by the following: Santa Rosa, Chief of Police Matthews; Petaluma, Chief of Police Flohr; Healdsburg, City Marshal Mason; Cloverdale, City Marshal Orr; Sebastopol, City Marshal Harrington; Sonoma, City Marshal Albertson. All these officials will be responsible under the law for the character of the person to whom they issue permits.

Frank Burris, the banker, wrote from Susanville, Lassen county, that he was getting fine fishing and hunting in that section of the country and expected to remain for some time.

*Walls that make you  
"sing at your work"*  
*"And it's washable too!"*

ISN'T it wonderful what a little paint will do? How it seems to flood the room with sunlight, sweep it with breezes, and leave you singing over the dearest, "drudgiest" task a kitchen can know!

For finishing every part of the kitchen there is a Fuller product just suited to its needs. Fuller's Washable Wall Finish can be kept clean by occasionally wiping with a damp cloth. For woodwork, there is Silkenwhite Enamel or Decorat, and for floors, Fuller's Rubber Cement Floor Paint.

And the nicest part is that you can easily do the work yourself and enjoy it thoroughly.

For 74 years W. P. Fuller & Co. has been producing paints, varnishes, enamels, wall finishes and stains. A local dealer has them. Our Service Department will gladly give you advice and mail a little "Home Service" booklet without charge. Whatever your painting need, W. P. Fuller & Co. makes a paint for the purpose.

## VINEBURG NEWS

George W. Reed, one of Sonoma's progressive citizens and veteran station agent, was a visitor in this section on last Monday.

Messrs. Howard Knight and Joseph Fredricks, both well known and prominent citizens of Schellville, attended to business here on Tuesday. Miss Iris Estment of Oakland returned from a month's visit with her father, Clifford Estment, at the Summit Hotel, and is now the guest of her grandparents, Mr. and Mrs. John Monk.

We hear that one of Vineburg's respected citizens was married last week and all Vineburg's people wish Arnold Morenson and his happy bride long life and happiness.

Fred Batto, John Monk and August Figone, accompanied by Misses Emily Batto and Margaret McDevitt, motored to the Summit last week end and after a delightful trip returned home Tuesday evening.

The Huichica School will open for the fall and winter term on Monday, Aug. 27th, with Mrs. Howard Hendy as principal and Miss Enid Olsen as teacher.

Mrs. Fred Batto and son are the guests of friends in San Francisco this week.

Enrico Forni and Louis Martin are busy improving their property at this place.

Mr. and Mrs. Honey and son, Russell of Stockton spent several days with their cousin, Mrs. P. W. Angove.
